Recent disasters have underscored the need for preparedness in schools for different types of natural and man-made hazards including, but not limited to earthquakes, tsunamis, volcanic eruptions, typhoons, flooding, landslides, and tornadoes.

With each disaster, School properties suffer damages, learning is disrupted, and the welfare of learners and school personnel are compromised. Adequate preparedness can mitigate the effects of disasters on schools, school personnel learners, and on the continuation of education in such circumstances.

In view of this, schools are directed to implement instructions set forth in DepEd order no. 83, s. 2011 on Disaster Preparedness Measures for Schools, Division and Regional offices are directed to ensure implementation of such by schools.

All district & school DRRMC focal person shall submit to the Division DRRMC focal person a narrative report on the conduct of the said activity.
